YEAR ENDING FEBRUARY 15, 1915

1915

Record Print, Plymouth.

WARRANT.

The State of New Hampshire.

To the Inhabitantn of the Town of Plymouth in the County of Grafton, in said state, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Plymouth, on Tuesday, the ninth day of March next, at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To see what sum of money the town will vote to raise or appropriate in addition to that required by law, for the support and maintenance of the Free Public Library.
4. To raise such sums of money as may be necessary for the repair of highways.
5. To see what sum of money the town will vote to raise or appropriate, in addition to that required by an act of the Legislature approved Feb. 24, 1905, to be used for permanent improvement of its main highways, such improvement to be made under the advice of the State Engineer.
6. To see what sum of money the town will vote to raise or appropriate to pay firemen.

7. To see what sum of money the town will vote to raise or appropriate for the decoration of Soldiers' graves.

8. To see if the town will vote to authorize the Selectmen to borrow money to pay the debts of the town and give notes therefor, countersigned by the Town Treasurer, the said notes to be exempt from taxation.

9. To choose a Library Trustee for a term of three years.

10. To see what sum of money the town will vote to raise or appropriate to pay Keniston Band for open air concerts during the summer of 1915.

11. To see what action the town will take in regard to renewing or making a new contract for lights with the Plymouth Electric Light Company for a term of years.

12. To see what action the town will take in regard to oiling the streets.

13. To see what action, if any, the town will take in regard to repairing watering trough known as Crystal Spring.

14. To see what action, if any, the town will take in regard to hiring a clerk in the Selectmen's Room and indexing their records.

15. To see what sum of money the town will vote to raise for sidewalks.

16. To see what sum of money the town will raise for the repair of bridges.

17. To see what action the town will take towards converting the south end of the common into a highway.

Given under our hands and seal this twentieth day of February, in the year of our Lord nineteen hundred and fifteen.

REPORT OF SCHOOL BOARD.

To the Citizens of Plymouth:

We herewith submit our annual report of the Plymouth Public Schools for the fiscal year ending March, 1915.

One year ago the district was confronted with the necessity of building a new High school. The situation was met with confidence, the building authorized, and a committee chosen to carry on the work.

This committee proceeded forthwith to erect the present structure. When it became certain that the building could not be completed for occupancy within the cost limit fixed by the district, and also appeared practically impossible to comply with the statutory restrictions governing the raising or appropriating of money at special district meetings, your School Board deemed it their duty to take up the work and put the building in condition for use as soon as possible, providing the necessary money with the general authority given them by the vote of the district, under Article 9 of the warrant for the last annual meeting.

The new building contains eighteen rooms for study and recitation, besides an office for the principal and a teachers' room. There is also a large room in the basement adjoining the boiler room, which is now used for storage and miscellaneous purposes, but which can be used for trade-school equipment should such studies ever be required. Equipment has been provided not only for the efficiency of the school but also for the health and comfort of those who attend it, and we feel that the town has a school building to be proud

of and that is ample for our needs for many years to come.

The assembly hall on the third floor is equipped for school use. The matter of using it for gymnasium purposes has not yet come before your board, and their associates of the board of control provided at the last annual meeting for regulating such use, but we understand the parties interested have this matter well in hand. There is a feeling in the community that this fine hall might still further be used to the benefit of all our citizens who own it. Your board feels that this is a matter for the district to decide and a suitable article has been put in the warrant for the coming annual meeting. Attention is called to the fact that we have received \$2,125.25 for tuition of non-resident pupils.

We wish to record our grateful appreciation of the courtesies extended to the district by the Normal school authorities while we were without a High school building, and we confidently assure them that these sentiments are shared by all our citizens. We would also express our hearty appreciation of the spirit shown by the faculty of the High school, and, indeed, the scholars too, by cheerfully making the best of the unavoidable inconveniences of their temporary quarters. We feel that the school is doing excellent work and contemplate no changes in the studies, but if parents expressed a desire for such a change we would consider making some studies elective in the senior year or possibly in the last two years.

The High school was inspected in February by Mr. Brown of the State Department of Education, and we quote with pleasure the following extract from a letter of State Superintendent H. C. Morrison to Mr. Wallace:

“I have been over Mr. Brown’s report of inspection of the Plymouth High school, which he has also given to me verbally. I want to say that the record is a splendid one. I don’t care very much what method is used so long as pupils are taught how to work as well as they are in your school.”

We believe that the district schools are working up to their usual high standard. We have authorized the purchase of certain equipment for them, recommended by the several teachers, for instruction in manual arts and domestic science. This is in line with modern educational progress and by making the start in the district schools insure the instruction to such scholars as may not go through the High school. We recommend that \$12,000.00 be raised under article 8.

In conclusion we can state upon authority that your schools rank high among those of the state and that competent judges give New Hampshire a place among the leaders in the Sisterhood of States for the efficiency of her public school system. You provide cheerfully and in adequate measure for your schools and we are sure you will share our gratification in the above results.

Respectfully submitted,

JOHN KENISTON,
RICHARD J. McLEAN,
FRED P. WEEKS,

School Board.

We have examined the foregoing account of Henry W. Rogers, Treasurer of the Plymouth Village Fire District, Water Department, and find it correctly cast and properly vouched. At the same time we burned the following bonds: Nos. 57 and 58 at \$1,000.00 each, and No. 59 for \$500.00, and paid coupons to the amount of \$675.50. The above accounts for the year ending Jan. 1, 1915.

FRED F. SARGENT,
WILLIAM A. KIMBALL,

Auditors.

Plymouth, N. H., Feb. 27, 1915.

WATER COMMISSIONERS' REPORT.

The water system at present is in excellent condition. The droughth during the past year has necessitated pumping a large part of the time.

All repairs necessary to keep the system in good condition have been made. At the last meeting it was voted to extend the water system to the Campton line at Livermore Falls. This was done at a cost of \$54,609.65. Also a six inch pipe was laid on Emerson street, at a cost of \$366.39. This was done to strengthen the system and give better fire protection to the north half of the village. A six inch pipe was laid on Langdon and Wentworth streets, at a cost of \$555.20.

The work spoken of at the last meeting, was completed with the exception of installing a new engine. On account of the extra work and demands for money, it was judged better by the Water Commissioners to let that lay over until another year.

Respectfully submitted,

IRVING H. CHASE,

JOHN F. MAYNARD,

MOSES A. BATCHELDER,

Water Commissioners.

NOTE—In above report, the amount which reads \$54,609.65 should read \$4,609.65.
